Customer Journey Map

Phase of Journey	Stage 1 LOAN APPLICATION	Stage 2 LOAN EVALUTION	Stage 3 PREDICTION RESULT
Actions <i>What does the customer do?</i>	- Fills in the loan application form. - Enters personal and financial details. - Submits the application.	- Waits while the system evaluates the application. - Ensures all required information is provided. - Monitors the application status.	- Views the loan eligibility prediction. - Understands the approval or rejection result. - Plans the next steps based on the outcome.
Touchpoint <i>What part of the service do they interact with?</i>	- Home Page - Loan Application Form - Submit Button	- Smart Lender Prediction System - Machine Learning Model - Flask Backend	- Result Page - Approval/Rejection Message - Prediction Summary

Customer Thought <i>What is the customer thinking?</i>	- Is my information correct? - Will my application be accepted? - I hope this process is easy.	- Is the system evaluating my application fairly? - How long will it take? - I hope my credit history is sufficient.	- Was my loan approved? - Can I trust this prediction? - What should I do next?
Customer Feeling <i>What is the customer feeling?</i>	Hopeful	Anxious	Relieved (if approved) or Disappointed (if rejected)
Process Ownership <i>Who is in the lead on this?</i>	LOan Applicant	Smart Lender System (ML Model & Flask)	Loan Applicant & Bank Credit Officer
Opportunities <i>How can we improve this stage?</i>	- Simplify the application form. ☐ Provide clear instructions. - Validate inputs instantly.	- Improve prediction accuracy. - Reduce processing time. - Ensure transparent evaluation.	- Display clear prediction results. - Provide reasons for the decision. - Suggest next steps for applicants.
