Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS • I need my loan approved quickly. • The application process should be simple. • I hope my financial details are evaluated fairly.	THINKS • Will my loan application be approved? • Is my credit history good enough? • I hope the evaluation is accurate and unbiased.
